Re: School Based Immunisations – Archbishop Beck Catholic College.

10th July 2020.

Dear parent/carer,

We hope this letter finds you and your family well.

School closures during the COVID pandemic forced school based immunisations sessions to be suspended however we are working with our immunisation service to ensure our school population can still be protected against important vaccine preventable diseases.

We are therefore asking parents/carers to contact the immunisation team to make an appointment on 0151 295 3833, appointments will be limited due to social distancing measures and to ensure your child's safety all current government guidance and infection control measures will be in place.

Further information regarding vaccinations can be found at:

<https://www.gov.uk/government/publications/immunisations-for-young-people>

Yours sincerely,

School aged immunisation team

Chairman Beatrice Fraenkel

Chief Executive Joe Rafferty
