

YEAR 8 AP1 SUPPORT

Subject	Maths																		
Assessment period	AP1																		
Date	Week beginning 14 th October 2019																		
What type of assessment will I be doing?	You will do a 45 minute in-class test with no calculator.																		
What topics do I need to prepare for?	<p>The test will be on lines, angles and shapes but you will be expected to use your full knowledge of mathematics, including topics you have learnt in Year 7 and primary school. The topics you need to know and the corbettmaths video/worksheet numbers are below:</p> <table><tr><td>2D shapes: names</td><td>1</td></tr><tr><td>2D shapes: quadrilaterals</td><td>2</td></tr><tr><td>Parallel lines</td><td>231</td></tr><tr><td>Perpendicular lines</td><td>232</td></tr><tr><td>Symmetry: line</td><td>316</td></tr><tr><td>Symmetry: rotational</td><td>317</td></tr><tr><td>Angles: drawing</td><td>28</td></tr><tr><td>Angles: estimation</td><td>29</td></tr><tr><td>Angles: measuring</td><td>31</td></tr></table>	2D shapes: names	1	2D shapes: quadrilaterals	2	Parallel lines	231	Perpendicular lines	232	Symmetry: line	316	Symmetry: rotational	317	Angles: drawing	28	Angles: estimation	29	Angles: measuring	31
2D shapes: names	1																		
2D shapes: quadrilaterals	2																		
Parallel lines	231																		
Perpendicular lines	232																		
Symmetry: line	316																		
Symmetry: rotational	317																		
Angles: drawing	28																		
Angles: estimation	29																		
Angles: measuring	31																		
Where can I get the information?	Your class teacher will provide you with revision materials which may include practise questions and links to videos/worksheets on corbettmaths.com																		
What additional sources of information will help me? (websites, doddle etc.)	Use corbettmaths.com to revise the topics that your teacher has given you. The videos are very useful if you need to refresh how to do a particular topic.
